In my career as a Web Developer and BackEnd Developer, I have carried out work in various areas, always focusing on my expertise in: React, NodeJS, JS, ExpressJS, Firebase, MongoDB, PostgreSQL, and Frameworks. I have led and managed teams and have been part of units in Development, Communications, Home Automation, and AI. This has allowed me to develop skills in Leadership, Assertive Communication, Problem Solving, Adaptability, and, above all, to continuously learn and stay at the forefront of technologies. English Level: B1 Intermediate.
